PRODUCT CARE

Our pewter products should be occasionally cleaned with warm, soapy water and dried with a soft cloth. Pewter is an aging metal which may darken beautifully overtime. To restore the products original finish, apply a light coat of 'brasso' metal polish, and buff vigorously when dry to a shine.

Please note: We strongly recommend against the use of solvent cleaners or household polishes on our products, this will cause irreversible damage to the surface and may cause discolouration.

FINISH

Pewter offers a natural mid-silver finish with warm blue tones to bring a lustrous quality to the home. The rustic and authentic finish complements period properties beautifully or brings a contrasting style to modern homes.

All Finesse products are handmade from 100% solid pewter to offer durable, high quality products. This is not to be confused with cheaper alternative metals which are coated to mimic the finish of genuine pewter - also known as pewter effect or pewter patina.
