

WILTON

Finesse

Cupboard Knob | 44mm Diameter

The Wilton cupboard knob features an oval, smooth design. Ideal for cupboards and drawers around the home. Handmade in the UK from solid pewter.

PRODUCT DIMENSIONS

Product Code	Diameter (D)	Base (B)	Projection (P)	Material	Max. Door Thickness
PCK009	44mm	10mm	28mm	Pewter	19mm*

* For doors up to 40mm, please contact us for longer fixings.

PRODUCT CARE

Our pewter products should be occasionally cleaned with warm, soapy water and dried with a soft cloth. Pewter is an aging metal which may darken beautifully overtime. To restore the products original finish, apply a light coat of 'brasso' metal polish, and buff vigorously when dry to a shine.

Please note: We strongly recommend against the use of solvent cleaners or household polishes on our products, this will cause irreversible damage to the surface and may cause discolouration.

FINISH

Pewter offers a natural mid-silver finish with warm blue tones to bring a lustrous quality to the home. The rustic and authentic finish complements period properties beautifully or brings a contrasting style to modern homes.

All Finesse products are handmade from 100% solid pewter to offer durable, high quality products. This is not to be confused with cheaper alternative metals which are coated to mimic the finish of genuine pewter - also known as pewter effect or pewter patina.
